UFLNV UNDERGROUND FUEL LUBE NARROW VEIN

UFLNV UNDERGROUND FUEL LUBE NARROW VEIN

Designed to deliver the performance and durability of its larger counterparts, our SPARTA Fuel Lube trucks are engineered for the demanding re-fueling and lubricant dispensing needs of underground mines. The SPARTA UFLNV is designed for multiple applications and delivers features and performance benefits on which you can depend. Customizable to your specific requirements, our SPARTA Fuel Lube trucks are manufactured for the rugged underground terrain and can be relied on to keep your fleet of mining vehicles in high production.

The SPARTA Fuel Lube Narrow Vein truck is built with a heavy-duty construction frame and tank capacity of 500, 100, and 60 gallons. It features a Cummins QSB 4.5 Diesel (130 hp), Tier 3 engine, with a deck length of 7.25 m (285") and a deck width of 1.95 m (76"). The SPARTA Fuel Lube truck includes independent pneumatic pumps, 3 hose rails, and dispensing filters. Other features include 4-wheel drive and articulated steer carrier, ABA brake system, audio back up alarm, led lighting and strobe lights, and a 24V electrical system.

TECHNICAL SPECIFICATIONS

Engine:	Cummins QSB 4.5 Diesel (130 hp), Tier 3 Mercedes 904 Diesel (148 hp), Tier 3 w/ Dana 20000 transmission
Transmission:	DANA 20000 series
Axles:	DANA 123 SAHR
Empty Weight:	16,347 kg (36,150 lbs)
Fire Suppression System:	Certified ANSUL 4 Nozzle, liquid
Tramming Height:	2.15 m (85")
Width/ Length:	1.95 m (76") / 7.25 m (285")
Inside Turning Radius:	3.87 m (153")
Outside Turning Radius:	6.14 m (242")
Tires:	10.00-20 - Pneumatic: Front (), Rear () - Foam Filled: Front (), Rear () - Solid: Front (), Rear ()
Spare Tire:	- Pneumatic () - Foam Filled () - Solid ()
Electrical:	24V electrical system ABA brake system Audio back up alarm Engine oil pressure switch LED lighting installed Lock out on master switch Strobe light (red, white, blue, amber) Wheel chocks and brackets
Lube Package:	2x 250 gallon tanks 2x 80 gallon tanks Independent pneumatic pumps, 15 gallon grease pump (air operated) 4x Hose reel (25') 1x Grease reel (25') Dispensing filters Filter/regulator/lubricator
Frame Unit:	Heavy duty construction frame Four wheel drive, articulated steer carrier Passanger seat ROPS/ FOPS canopy Spare tire included 3 sets of manuals with electronic version Fire extinguisher Grounding straps
Options:	Enclosed environmental cab (AC and heater system) Central lubrication system (Lincoln) Electric fill pump c/w filters Wiggins fast fill fuel system ANSUL "Check fire" with detection system Air ride seats (qty 2) Seat belt warning system Electric fill pump c/w filters Hydraulic low level warning light Exhaust shielding options (Firwin / Mammoth) Hose reels for air/water Front fender Front bumper 24V fuel transfer pump system Hydraulic driven pumps for transfer Cassette system frame
