

UWT UNDERGROUND WATER TRUCK

Our SPARTA Underground Water Trucks are designed for durability in harsh mining conditions. The SPARTA UWT is engineered for multiple applications and delivers features and performance benefits on which you can depend. Customizable to your specific requirements, our SPARTA Watering Trucks are manufactured for the rugged underground terrain and can be relied on to keep your fleet of mining vehicles in high production.

The SPARTA Water Truck is built with a heavy-duty construction frame. The standard engine is a Cummins QSB 4.5 Diesel (130 hp), Tier 3 w/ Dana 20000 transmission. Other features include 4-wheel drive and articulated steer carrier, ABA brake system, audio back up alarm, led lighting and strobe lights, and a 24V electrical system. An enclosed environmental cab for operator and passenger (AC w/ heat), is also available.

TECHNICAL SPECIFICATIONS

Engine:	Cummins QSB 4.5 Diesel (130 hp), Tier 3 w/ Dana 20000 transmission Mercedes 904 Diesel (148 hp), Tier 3 w/ Dana 20000 transmission Cummins QSB6.7 Diesel (193 hp), Tier 3 w/ Dana 32000 transmission Mercedes 906 Diesel (201 hp), Tier 3 w/ Dana 32000 transmission
Transmission:	DANA 20000 series DANA 32000 series
Water Capacity:	TBD
Axles:	DANA 113 SAHR
Empty Weight:	16,347 kg (36,150 lbs)
Fire Suppression System:	Certified ANSUL 4 Nozzle, liquid
Tramming Height:	2.36 m (93")
Width/ Length:	2.44 m (96") / 7.87 m (310")
Inside Turning Radius:	6.13 m (241")
Outside Turning Radius:	8.99 m (354")
Tires:	12.00-20 - Pneumatic: Front (), Rear () - Foam Filled: Front (), Rear () - Solid: Front (), Rear ()
Spare Tire:	- Pneumatic () - Foam Filled () - Solid ()
Electrical:	24V electrical system ABA brake system Audio back up alarm Engine oil pressure switch LED lighting installed Lock out on master switch Strobe light (red, white, blue, amber) Wheel chocks and brackets
Frame Unit:	Heavy duty construction frame Four wheel drive, articulated steer carrier Passanger seat ROPS/ FOPS canopy Spare tire included 3 sets of manuals with electronic version Fire extinguisher Grounding straps
Options:	Enclosed environmental cab for operator (AC w/ heat) Enclosed environmental cab for passengers (AC w/ heat) Central lubrication system (Lincoln) Electric fill pump c/w filters Wiggins fast fill fuel system ANSUL "Check fire" with detection system Air ride seats (Qty 2) Seat belt warning system Electric fill pump c/w filters Hydraulic low level warning light Exhaust shielding options (Firwin / Mammoth)
